READINGS AND PRAYERS FOR YOUR WEDDING

Readings from Scripture and the Prayers of the People form important parts of the Wedding Service. At least one reading comes from either the Old or New Testament, you can have more if you wish.

Additionally, you may also wish to use other readings such as poetry; these would need to be discussed with the Priest.

You may wish to invite family members or friends to present the readings or lead the Prayers of the People, enabling them to contribute and become a special part of the ceremony.

The Priest will discuss with you at your appointment the readings and prayers.
